

HOWARD COUNTY AUTISM SOCIETY

HCAS President's Report – 2017 Annual General Membership Meeting - December 14, 2017

HCAS Members,

Let me take this opportunity to first thank you for all of your continued support. HCAS had another successful year supporting the Howard County autism community. From our new programs, to our tried and true social events, to our awareness and advocacy efforts; we hope we were able to play a small part in making your lives a little better. Of course, if we helped to create a memory with your friends and family, all the better. Melissa Rosenberg is celebrating her one year anniversary with HCAS and we are very grateful to have her in the family. Her efforts are much appreciated.

The 2018 slate for the HCAS Board of Directors will be discussed and voted on later tonight. I would like to take this opportunity to thank the 2017 Board for all its support and work over the last twelve months. They are a tireless group.

The October financial information detailing our current position is available for your review. Our financial stability, combined with the hard work and the dedication of the staff, Board and volunteers throughout the year have allowed our committees to continue many successful programs, events and partnerships to serve the community. The second page of this letter includes a sampling of the activities HCAS led throughout 2017.

As always, we hope to see you out at our many events. With your participation in and support of our committee activities, HCAS will continue to be a strong voice within the community for our friends, family members, and loved ones. 2018 will mark our 25th year and we are planning great things for the next quarter century.
